Dear Dr. Abdulla.

We would like you to know that you have friends in Ireland who are anxious to hear from you.

We wonder whether we could help you or your family with any parcels of clothing or food or books?

We are most grateful to His Excellency the Charge/ d, Affaires at the Iraqi London Embassy for giving us this opportunity of writing to you and hope that you or any of your family will be able to reply soon to us.

With sincere wishes of friendship,

*Helen Falloon.*

Dear Dr. Abdulla.

Two months ago your friends in Ireland sent you a letter which we hope you received.

In case it has not reached you we are writing again to ask you if there is any help we could give you or your family.

Perhaps you could write to us, but if this is not possible perhaps one of your family could let us know how you are.

With very sincere wishes for your well-being,

*Helen Falloon.*
